

Children's Vests

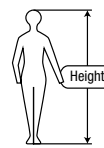

The vests for sport and leisure time are certified to EN 1150, the norm for visibility clothing for non-professional use.

Some are very suitable for printing/promotional purposes while others are more advanced or have a specific functional design leaving less area for logos.

How to pick the right size!

The table below can be used as a guide in selecting the size of reflective vests.

EN 1150 Children and adults
